PERSONAL PROJECTS

SpotKeeper Using MERN

- SpotKeeper helps you keep track of all the places you discover and want to remember. With SpotKeeper, you can easily create personalized lists, categorize your saved spots, and add detailed descriptions or notes for each location

Face Mask Detection App Using Flutter

- Face Mask Detection app with Flutter using tflite package to provide real-time detection of face masks. The app's user interface would provide a live camera view, enabling users to point the camera at individuals and receive instant feedback regarding their mask wearing status.
